Washington, D.C. 20549

FORM 10-Q

Mark One:

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the Quarterly Period Ended June 30, 2007

OR

TRANSITION REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the Transition Period from _____ to _____

Commission File Number: 1-1657

CRANE CO.

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

13-1952290
(I.R.S. Employer
Identification No.)

100 First Stamford Place, Stamford, CT
(Address of principal executive offices)

06902
(Zip Code)

Registrant's telephone number, including area code: 203-363-7300

(Not Applicable)

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of "accelerated filer and large accelerated filer" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of shares outstanding of the issuer's classes of common stock, as of July 31, 2007

Common stock, \$1.00 Par Value – 59,903,513 shares

Part I – Financial Information
Item 1. Financial Statements

Notes to Consolidated Financial Statements (Unaudited)

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial reporting and the instructions to Form 10-Q and, therefore, reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented. These interim consolidated financial statements should be read in conjunction with the Consolidated Financial Statements and Notes to Consolidated Financial Statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2006.

2. New Accounting Pronouncement

In July 2006, the Financial Accounting Standards Board (“FASB”) issued FASB Interpretation No. 48, “Accounting for Uncertainty in Income Taxes” (“FIN 48”). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements in accordance with FASB Statement No. 109, “Accounting for Income Taxes.” FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The requirements of FIN 48 are applicable to the Company effective January 1, 2007. See Note 9, “Income Taxes”, for further discussion of the impacts of FIN 48.

3. Segment Results

Net sales and operating profit by segment are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006

Total	<u>\$ 71,797</u>	<u>\$ 66,090</u>	<u>\$ 140,196</u>	<u>\$ 123,307</u>

Notes to Consolidated Financial Statements (Unaudited)

4. Net Income Per Share

The Company's basic earnings per share calculations are based on the weighted average number of common shares outstanding during the period. Diluted earnings per share gives effect to all dilutive potential common shares outstanding during the period.

(In thousands, except per share data)	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006
Net income	\$45,736	\$44,463	\$89,381	\$81,862
Average basic shares outstanding	59,767	60,995	60,039	60,876
Effect of dilutive stock options	1,115	1,343	1,057	1,316
Average diluted shares outstanding	60,882	62,338	61,096	62,192
Basic net income per share	\$ 0.77	\$ 0.73	\$ 1.49	\$ 1.34
Diluted net income per share	0.75	0.71	1.46	1.32

Certain options granted under the Company's Stock Incentive Plan and the Non-Employee Director Stock Compensation Plan were not included in the computation of diluted earnings per share in the three-month and six-month periods ended June 30, 2007 and 2006 because they would not have had a dilutive effect (0.7 million and 0.9 million average options for the second quarter of 2007 and 2006, respectively, and 1.0 million and 0.8 million average options for the first half of 2007 and 2006, respectively).

5. Comprehensive Income

Total comprehensive income for the three and six-month periods ended June 30, 2007 and 2006 is as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006
Net income	\$45,736	\$44,463	\$ 89,381	\$ 81,862
Foreign currency translation adjustments	15,312	25,444	20,775	31,751
Comprehensive income	<u>\$61,048</u>	<u>\$69,907</u>	<u>\$110,156</u>	<u>\$113,613</u>

Notes to Consolidated Financial Statements (Unaudited)

6. Goodwill and Intangible Assets

Changes to goodwill are as follows:

(in thousands)	Six Months Ended	
	June 30, 2007	Year Ended December 31, 2006
Balance at beginning of period, net of accumulated amortization	\$ 704,736	\$ 568,355
Additions	8,467	130,965
Divestitures	—	(5,370)
Translation and other adjustments	8,173	10,786
Balance at end of period, net of accumulated amortization	<u>\$ 721,376</u>	<u>\$ 704,736</u>

Changes to intangible assets are as follows:

(in thousands)	Six Months Ended	
	June 30, 2007	Year Ended December 31, 2006
Balance at beginning of period, net of accumulated amortization	\$ 122,744	\$ 60,735
Additions	—	76,191
Translation and other adjustments	2,191	(296)
Amortization expense	(8,538)	(13,886)
Balance at end of period, net of accumulated amortization	<u>\$ 116,397</u>	<u>\$ 122,744</u>

A summary of intangible assets follows:

(in thousands)	June 30, 2007		December 31, 2006	
	Accumulated		Accumulated	
	Gross Asset	Amortization	Gross Asset	Amortization
Intellectual property rights	\$ 88,338	\$ 42,689	\$ 88,004	\$ 40,530
Customer Relationships and backlog	79,362	19,013	79,204	14,362
Drawings	10,825	9,400	10,825	9,199
Other	13,697	4,723	11,662	2,860
	<u>\$192,222</u>	<u>\$ 75,825</u>	<u>\$189,695</u>	<u>\$ 66,951</u>

Amortization expense for these intangible assets is currently estimated to be approximately \$14.1 million in 2008, \$13.0 million in 2009, \$12.1 million in 2010, \$9.5 million in 2011 and \$6.7 million in 2012.

Intangible assets totaled \$116.4 million, net of accumulated amortization of \$75.8 million at June 30, 2007. Included within this amount is \$18.9 million of intangibles with indefinite useful lives, consisting of trade names which are not being amortized in accordance with the guidance of Statement of Financial Accounting Standards No. 142, “Goodwill and Other Intangible Assets”.

Notes to Consolidated Financial Statements (Unaudited)

7. Commitments and Contingencies

Asbestos Liability

Information Regarding Claims and Costs in the Tort System

As of June 30, 2007, the Company was a defendant in cases filed in various state and federal courts alleging injury or death as a result of exposure to asbestos. Activity related to asbestos claims during the periods indicated was as follows:

	<u>Three Months Ended June 30,</u>		<u>Six Months Ended June 30,</u>		<u>Year Ended December 31,</u>
	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>	<u>2006</u>
Beginning claims	85,884	89,164	85,941	89,017	89,017
New claims	902	978	1,997	2,282	4,853
Settlements	(271)	(264)	(800)	(572)	(1,043)
Dismissals	(1,863)	(1,045)	(2,486)	(1,894)	(6,886)
Ending claims *	<u>84,652</u>	<u>88,833</u>	<u>84,652</u>	<u>88,833</u>	<u>85,941</u>

* Does not include 36,282 maritime actions that were filed in the United States District Court for the Northern District of Ohio and transferred to the Eastern District of Pennsylvania pursuant to an order by the Federal Judicial Panel on Multi-District Litigation (“MDL”). These claims have been placed on the inactive docket of cases that are administratively dismissed without prejudice in the MDL.

Of the 84,652 pending claims as of June 30, 2007, approximately 25,000 claims were pending in New York, approximately 27,000 claims were pending in Mississippi, approximately 9,000 claims were pending in Texas and approximately 3,600 claims were pending in Ohio, all jurisdictions in which legislation or judicial orders restrict the types of claims that can proceed to trial on the merits. The balance of the claims are pending in a number of jurisdictions in which settlement and defense costs are affected by a number of factors as described below.

Since the termination of the comprehensive master settlement agreement (“MSA”) on January 24, 2005, the Company has been resolving claims filed against it in the tort system. The Company has not re-engaged in discussions with representatives of current or future asbestos claimants with respect to such a comprehensive settlement. While the Company believes that federal legislation to establish a trust fund to compensate asbestos claimants is the most appropriate solution to the asbestos litigation problem, there is substantial uncertainty regarding whether this will occur and, if so, when and on what terms. The Company remains committed to exploring all feasible alternatives available to resolve its asbestos liability in a manner consistent with the best interests of the Company’s shareholders.

Substantially all of the claims the Company resolves are concluded through settlements. The Company tried the Joseph Norris asbestos claim (the “Norris Claim”) to verdict in California, however, and received an adverse jury verdict on September 15, 2006. On October 10, 2006, the court entered judgment on this verdict against the Company in the amount of \$2.15 million, together with interest thereon at the rate of 10% per annum until paid. The Company does not believe that the verdict was supported by the evidence. In addition, the Company believes that procedural irregularities prevented an appropriate determination of the Company’s alleged responsibility for plaintiffs’ injuries. The Company’s post-trial motions were denied by order dated December 15, 2006. On January 3, 2007, the Company appealed the judgment; the appeal is pending.

The gross settlement and defense costs incurred (before insurance and tax effects) for the Company in the six-month periods ended June 30, 2007 and 2006 totaled \$41.3 million and \$31.2 million, respectively. In

Notes to Consolidated Financial Statements (Unaudited)

contrast to the recognition of settlement and defense costs that reflect the current level of activity in the tort system, cash payments and receipts generally lag the tort system activity by several months or more. Cash payments of settlement amounts are not made until all releases and other required documentation are received by the Company, and payments of both settlement amounts and defense costs by insurers are subject to delays due to the transition from the Company’s primary insurers to its excess insurers. The Company’s pre-tax cash receipts/payments for settlement and defense costs, including payments from insurers, in the six-month periods ended June 30, 2007 and 2006 totaled a \$15.2 million net receipt in 2007 (reflecting the receipt of \$31.5 million in previously escrowed funds from Equitas Limited (“Equitas”) and a \$9.1 million net payment in 2006, respectively.) Detailed below are the comparable amounts for the periods indicated.

(In millions)	Three Months		Six Months		Year Ended	Cumulative to
	Ended June 30,		Ended June 30,		December 31,	date through
	2007	2006	2007	2006	2006	June 30, 2007
Settlement costs incurred (1)	\$ 8.1	\$ 5.5	\$ 19.3	\$ 11.3	\$ 26.3	\$ 101.8
Defense costs incurred (1)	12.1	10.5	22.0	19.9	42.8	138.5
Total costs incurred	\$20.2	\$16.0	\$ 41.3	\$31.2	\$ 69.1	\$ 240.3
Pre-tax cash payments/(receipts)(2)	\$ 6.0	\$ (0.2)	\$(15.2)	\$ 9.1	\$ 40.6	\$ 110.5

- (1) Before insurance recoveries and tax effects.
- (2) Net of payments received from insurers, including a \$31.5 million payment from Equitas in January 2007. The cumulative amount includes certain legal fees and expenses related to the terminated MSA.

The amounts shown for settlement and defense costs incurred, and cash payments, are not necessarily indicative of future period amounts, which may be higher or lower than those reported.

The Company has negotiated coverage-in-place and other agreements with several of its excess insurers whose policies provide substantial insurance coverage for asbestos liabilities. Under such coverage-in-place agreements, an insurer’s policies remain in force and the insurer undertakes to provide coverage for the Company’s present and future asbestos claims on specified terms and conditions that address, among other things, the share of asbestos claims cost to be paid by the insurer, payment terms, claims handling procedures and the expiration of the insurer’s obligations. Reimbursements from such insurers for past and ongoing settlement and defense costs allocable to their policies have been made as coverage-in-place and other agreements are reached with such insurers.

On July 22, 2005, the Company entered into an agreement to settle its insurance coverage claims for asbestos and other liabilities against certain underwriters at Lloyd’s of London reinsured by Equitas for a total payment of \$33 million. Under the agreement, \$1.5 million was paid to the Company in the third quarter of 2005. The balance of \$31.5 million was placed into escrow for the payment of future asbestos claims and funds remaining in escrow were paid to the Company on January 4, 2007. The Company’s settlement with Equitas resolves all its claims against pre-1993 policies issued to the Company by certain underwriters at Lloyd’s of London and reinsured by Equitas.

Effective March 1, 2006, the Company entered into two agreements with Hartford Accident and Indemnity Company and certain affiliated companies (“Hartford”) settling all outstanding claims under the Company’s primary policies with Hartford for a final payment of \$1.3 million and establishing a coverage-in-place arrangement for asbestos claims under the Company’s excess policies with Hartford, including a payment of \$2.6 million for claims billed to Hartford through September 1, 2005. The Company received these payments in March 2006 and April 2006, respectively. The agreements with Hartford also include provisions for mutual releases, indemnification of Hartford and claims handling procedures.

Notes to Consolidated Financial Statements (Unaudited)

Effective April 10, 2006, the Company and Everest Reinsurance Company and Mt. McKinley Insurance Company (collectively, “Everest”) reached a settlement agreement pursuant to which, among other things, Everest’s insurance coverage obligations for asbestos claims under the three historical Everest policies issued to Crane Co. were released. A \$3.8 million cash payment under this settlement agreement was received by the Company on April 21, 2006.

On June 30, 2006, the Company and Fireman’s Fund Insurance Company (“Fireman’s Fund”) entered into an agreement, effective July 3, 2006, establishing a coverage-in-place arrangement for asbestos claims under the Company’s excess policies with Fireman’s Fund, including a payment of \$2.3 million for claims billed to Fireman’s Fund through June 26, 2006, which was received by the Company in August 2006. The agreement with Fireman’s Fund also includes provisions for mutual releases, indemnification of Fireman’s Fund and claims handling procedures.

Effective September 7, 2006, the Company entered into a coverage-in-place agreement with Sentry Insurance (“Sentry”), regarding an excess policy issued by Sentry’s predecessor, Dairyland Insurance Company. The agreement with Sentry also includes provisions for mutual releases, indemnification of Sentry and claims handling procedures.

Effective December 20, 2006, the Company entered into a coverage-in-place agreement with Employers Insurance of Wausau (and Nationwide Indemnity Company in its capacity as claims administrator for Wausau) (“Wausau”), establishing an arrangement for asbestos claims under the Company’s excess policies with Wausau, and providing for initial payments totaling \$2.6 million for claims billed to Wausau through November 30, 2006. This amount has been received by the Company. This agreement includes provisions for mutual releases, indemnification of Wausau and claims handling procedures.

Effective December 22, 2006, the Company and Century Indemnity Company and ACE Property and Casualty Company (collectively “ACE”) entered into an agreement which, among other things, established a coverage-in-place arrangement for asbestos claims under the Company’s excess policies with ACE. This agreement includes provisions for mutual releases, indemnification of ACE and claims handling procedures.

Effective April 24, 2007, the Company and Employers Reinsurance Company (“ERC”) reached a settlement agreement pursuant to which, among other things, ERC’s insurance coverage obligations for asbestos claims under the two historical ERC policies issued to Crane Co. were released. The agreement with ERC also includes provisions for mutual releases and indemnification of ERC. A cash payment of \$10 million under this agreement was received by the Company in May 2007.

Effective April 27, 2007, the Company and the AIG Companies (“AIG”) entered into a coverage-in-place agreement for asbestos claims under the Company’s excess policies with AIG, including payment of \$3.4 million for claims billed to AIG through February 20, 2007 which is due in several installments through October 5, 2007. The agreement with AIG also includes provisions for mutual releases, indemnification of AIG and claims handling procedures.

Effective July 11, 2007, the Company and Allstate Insurance Company, successor in interest to Northbrook Excess and Surplus Insurance Company, formerly Northbrook Insurance Company (“Allstate”), entered into a coverage-in-place agreement for asbestos claims under the Company’s excess policies with Allstate, including payment of \$5.5 million for claims billed to Allstate through May 24, 2007 which is due on or before October 2, 2007. The agreement with Allstate also includes provisions for mutual releases, indemnification of Allstate and claims handling procedures.

Notes to Consolidated Financial Statements (Unaudited)

The Company anticipates that one or more additional agreements with other excess insurers, such as coverage-in-place agreements, may be executed in 2007, and the Company believes that the payment terms of such agreements will be consistent with the overall estimated future reimbursement rate of 40%, although the actual reimbursement rate will vary from period to period due to policy terms and certain gaps in coverage as described below.

Effects on the Consolidated Financial Statements

The Company has retained the firm of Hamilton, Rabinovitz & Alschuler, Inc. (“HR&A”), a nationally recognized expert in the field, to assist management in estimating the Company’s asbestos liability in the tort system. HR&A reviewed information provided by the Company concerning claims filed, settled and dismissed, amounts paid in settlements and relevant claim information such as the nature of the asbestos-related disease asserted by the claimant, the jurisdiction where filed and the time lag from filing to disposition of the claim. The methodology used by HR&A to project future asbestos costs was based largely on the Company’s experience during 2005 and 2006 for claims filed, settled and dismissed. The Company’s experience was compared to the results of previously conducted epidemiological studies estimating the number of people likely to develop asbestos-related diseases. Those studies were undertaken in connection with national analyses of the population of workers believed to have been exposed to asbestos. Using that information, HR&A estimated the number of future claims that would be filed, as well as the related settlement or indemnity costs that would be incurred to resolve those claims. This methodology has been accepted by numerous courts and is the same methodology that is utilized by the expert who is routinely retained by the asbestos claimants committee in asbestos-related bankruptcies. After discussions with the Company, HR&A assumed that costs of defending asbestos claims in the tort system would increase to \$45 million in 2007 and remain at that level (with increases of 4.5% per year for inflation) indexed to the number of estimated pending claims in future years. Based on this information, HR&A compiled an estimate of the Company’s asbestos liability for pending and future claims, based on claim experience over the past two years and covering claims expected to be filed through the year 2011. Although the methodology used by HR&A will also show claims and costs for periods subsequent to 2011 (up to and including the endpoint of the asbestos studies referred to above), management believes that the level of uncertainty is too great to provide for reasonable estimation of the number of future claims, the nature of such claims or the cost to resolve them for years beyond 2011, particularly given among other things the possibility of federal legislation within that time frame.

In the Company’s view, the forecast period used to provide the best estimate for asbestos claims and related liabilities and costs is a judgment based upon a number of trend factors, including the number and type of claims being filed each year, the jurisdictions where such claims are filed and the effect of any legislation or judicial orders in such jurisdictions restricting the types of claims that can proceed to trial on the merits and the likelihood of any comprehensive asbestos legislation at the federal level. In addition, the dynamics of asbestos litigation in the tort system have been significantly affected over the past five to ten years by the substantial number of companies that have filed for bankruptcy protection, thereby staying any asbestos claims against them until the conclusion of such proceedings, and the establishment of a number of post-bankruptcy trusts for asbestos claimants, which are estimated to hold \$25 billion for payments to current and future claimants. These trend factors have both positive and negative effects on the dynamics of asbestos litigation in the tort system and the related best estimate of the Company’s asbestos liability, and these effects do not move in a linear fashion but rather change over multi-year periods. Accordingly, the Company’s management monitors these trend factors over time and periodically assesses whether an alternative forecast period is appropriate. While it is reasonably possible that the Company will incur additional charges for asbestos liabilities and defense costs in excess of the amounts currently provided, the Company does not believe that any such amount can be reasonably estimated beyond 2011. Accordingly, no accrual has been recorded for any costs which may be incurred for claims made subsequent to 2011.

Notes to Consolidated Financial Statements (Unaudited)

Management has made its best estimate of the costs through 2011 based on the analysis by HR&A completed in January 2007. A liability of \$488.5 million has been recorded as of June 30, 2007 to cover the estimated cost of asbestos claims now pending or subsequently asserted through 2011, of which approximately 44% is attributable to settlement and defense costs for future claims projected to be filed through 2011. The liability is reduced when cash payments are made in respect of settled claims and defense costs. It is not possible to forecast when cash payments related to the asbestos liability will be fully expended; however, it is expected such cash payments will continue for many years, due to the significant proportion of future claims included in the estimated asbestos liability. An asset of \$166.6 million has been recorded as of June 30, 2007 representing the probable insurance reimbursement for such claims.

Historically, a significant portion of the Company's settlement and defense costs were paid by its primary insurers. Following the exhaustion of most of that primary coverage, and in accordance with the settlement agreements discussed above, certain of the Company's excess insurers have begun reimbursing the Company for a significant portion of its settlement and defense costs. The Company has substantial excess coverage policies in addition to those bound by the settlement agreements described above that are also expected to respond to asbestos claims as settlements and other payments exhaust the underlying policies. The same factors that affect developing estimates of probable settlement and defense costs for asbestos-related liabilities also affect estimates of the probable insurance payments, as do a number of additional factors. These additional factors include the financial viability of the insurance companies, the method by which losses will be allocated to the various insurance policies and the years covered by those policies, how settlement and defense costs will be covered by the insurance policies and interpretation of the effect on coverage of various policy terms and limits and their interrelationships. In addition, the timing and amount of reimbursements will vary because the Company's insurance coverage for asbestos claims involves multiple insurers, with different policy terms and certain gaps in coverage. In addition to consulting with legal counsel on these insurance matters, the Company retained insurance consultants to assist management in the estimation of probable insurance recoveries based upon the aggregate liability estimate described above and assuming the continued viability of all solvent insurance carriers. After considering the foregoing factors and consulting with legal counsel and such insurance consultants, the Company determined its probable insurance reimbursement rate to be 40%.

Estimation of the Company's ultimate exposure for asbestos-related claims is subject to significant uncertainties, as there are multiple variables that can affect the timing, severity and quantity of claims. The Company cautions that its estimated liability is based on assumptions with respect to future claims, settlement and defense costs based on recent experience during the last few years that may not prove reliable as predictors. A significant upward or downward trend in the number of claims filed, depending on the nature of the alleged injury, the jurisdiction where filed and the quality of the product identification, or a significant upward or downward trend in the costs of defending claims, could change the estimated liability, as would any substantial adverse verdict at trial. A legislative solution or a revised structured settlement transaction could also change the estimated liability.

Since many uncertainties exist surrounding asbestos litigation, the Company will continue to evaluate its estimated asbestos-related liability and corresponding estimated insurance reimbursement as well as the underlying assumptions and process used to derive these amounts. These uncertainties may result in the Company incurring future charges or increases to income to adjust the carrying value of recorded liabilities and assets, particularly if the number of claims and settlement and defense costs change significantly or if legislation or another alternative solution is implemented; however, the Company is currently unable to estimate such future changes. Although the resolution of these claims may take many years, the effect on results of operations and financial position in any given period from a revision to these estimates could be material.

Notes to Consolidated Financial Statements (Unaudited)

Certain Legal Proceedings

On January 21, 2005, five of the Company's insurers within two corporate insurer groups filed suit in Connecticut state court seeking injunctive relief against the Company and declaratory relief against the Company and dozens of the Company's other insurers. The suit also sought temporary and permanent injunctive relief restraining the Company from participating in any further settlement discussions with representatives of asbestos plaintiffs or agreeing to any settlement unless the Company permitted the plaintiff insurers to both participate in such discussions and have a meaningful opportunity to consider whether to consent to any proposed settlement, or unless the Company elected to waive coverage under the insurers' policies. The plaintiffs also sought expedited discovery on, among other things, the Company's proposed global settlement. At a hearing on February 22, 2005, the Company (i) contested the application for temporary injunctive relief and expedited discovery; (ii) moved to dismiss the count of the Complaint seeking injunctive relief on the grounds that the count was moot insofar as it addressed the proposed global settlement terminated on January 24, 2005 and not appropriate for determination insofar as it sought relief regarding any future negotiations with representatives of asbestos claimants; and (iii) moved to dismiss counts of the Complaint seeking declaratory relief with respect to the proposed global settlement as moot. At the hearing, the Court denied the plaintiff insurers' application for temporary injunctive relief and expedited discovery. In denying temporary injunctive relief, the Court stated that the plaintiffs could not show irreparable injury and that the plaintiff insurers would have an adequate remedy at law. In light of the Court's ruling and the Company's motions to dismiss, the insurer plaintiffs sought and received leave to amend their Complaint to remove certain declaratory relief counts and to remove or restate the remaining allegations.

On April 8, 2005, the insurer plaintiffs filed an Amended Complaint raising five counts against the Company. The Amended Complaint sought: (i) declaratory relief regarding the Company's rights to coverage, if any, under the policies; (ii) declaratory relief regarding the Company's alleged breaches of the policies in connection with an alleged increase in asbestos claim counts; (iii) a declaration of no coverage in connection with allegedly time-barred claims; (iv) declaratory relief against the Company and the other insurer defendants for allocation of damages that may be covered under the insurance policies; and (v) preliminary and permanent injunctive relief. On April 18, 2005, the Company moved to dismiss the claims for injunctive relief on the grounds that the Court had no jurisdiction to consider the claims because they were speculative and unripe. On October 19, 2005, the Court denied the Company's motion to dismiss, ruling that the injunctive claims were not unripe. Nonetheless, the Court noted that the Company later could seek summary judgment in connection with the injunctive claims if discovery shows them to be without factual basis.

Everest Reinsurance Company and Mt. McKinley Insurance Company (collectively, "Everest") were two of the plaintiffs in the Connecticut state court action. As referenced above, effective April 10, 2006, the Company and Everest reached a settlement agreement pursuant to which, among other things, Everest's insurance coverage obligations for asbestos claims under the three historical Everest policies issued to Crane Co. were released in exchange for a \$3.8 million cash payment, which was received by the Company on April 21, 2006. As also referenced above, effective December 22, 2006, the Company and two of the other plaintiffs in the action, Century Indemnity Company and ACE Property and Casualty Company (collectively "ACE"), reached an agreement pursuant to which, among other things, they established a coverage-in-place arrangement for asbestos claims under the Company's excess policies with ACE.

Following the Company's settlements with the two plaintiff insurer groups, and its settlements with various other insurers as reported above, all parties agreed to a dismissal of the Connecticut state court action. Upon stipulations of dismissal and agreement of all parties, the Court issued an order dismissing the action on July 6, 2007.

Notes to Consolidated Financial Statements (Unaudited)

Other Contingencies

Environmental Matters

For environmental matters, the Company records a liability for estimated remediation costs when it is probable that the Company will be responsible for such costs and they can be reasonably estimated.

Generally, third party specialists assist in the estimation of remediation costs. The environmental remediation liability at June 30, 2007 is primarily for the former manufacturing site in Goodyear, Arizona (the “Site”) discussed below.

The Site was operated by UniDynamics/Phoenix, Inc. (“UPI”), which became an indirect subsidiary of the Company in 1985 when the Company acquired UPI’s parent company, UniDynamics Corporation. UPI manufactured explosive and pyrotechnic compounds, including components for critical military programs, for the U.S. government at the Site from 1962 to 1993, under contracts with the Department of Defense and other government agencies and certain of their prime contractors. No manufacturing operations have been conducted at the Site since 1994. The Site was placed on the National Priorities List in 1983, and is now part of the Phoenix-Goodyear Airport North Superfund site. In 1990, the U.S. Environmental Protection Agency (“EPA”) issued administrative orders requiring UPI to design and carry out certain remedial actions, which UPI has done. Groundwater extraction and treatment systems have been in operation at the Site since 1994. A soil vapor extraction system was in operation from 1994 to 1998, was restarted in 2004, and is currently in operation.

On July 26, 2006, the Company entered into a consent decree with the EPA with respect to the Site providing for, among other things, a work plan for further investigation and remediation activities at the Site. The Company’s estimated liability for the costs of such activities through 2014 was \$18.4 million as of June 30, 2007, which is included in current accrued liabilities and other liabilities in the Company’s consolidated balance sheet as of that date.

On July 31, 2006, the Company entered into a consent decree with the U.S. Department of Justice (“DOJ”) on behalf of the Department of Defense and the Department of Energy pursuant to which, among other things, the U.S. Government will reimburse the Company for 21 percent of qualifying costs of investigation and remediation activities at the Site.

The EPA and the DOJ have alleged that one of the Company’s subsidiaries (Crane Composites, Inc.) is in violation of certain Clean Air Act regulations and a Clean Air Act operating permit at a manufacturing facility located in Channahon, Illinois. The allegations originated from a neighbor’s complaint in late 2003 about an odor emanating from the facility. The Company has cooperated with EPA’s investigation, and it continues to have discussions with the EPA and the DOJ in an effort to resolve the dispute. The Company has also engaged in pre-litigation settlement discussions with the DOJ and EPA to resolve their claim for a civil penalty relative to the alleged violations. The DOJ has demanded a civil penalty in the amount of \$1.2 million. While the Company believes that it has not violated the Clean Air Act operating permit or the regulations in question, it recognizes that the cost and risk associated with a protracted litigation with the U.S. Government could be avoided through a reasonable settlement. The Company intends to continue discussions with the DOJ and EPA in an effort to find a mutually acceptable resolution.

Notes to Consolidated Financial Statements (Unaudited)

False Claims Proceeding

The Company engaged in discussions with attorneys from the Civil Division of the DOJ for over a year regarding allegations that certain valves sold by the Company's Crane Valves North America unit ("CVNA") to private customers that ultimately were delivered to U.S. military agencies did not conform to contractual specifications relating to the place of manufacture and the origin of component parts. The DOJ's allegations originated with a *qui tam* complaint filed under seal by a former CVNA employee. The DOJ ultimately intervened in that case, and on March 31, 2007, filed a complaint against the Company in the United States District Court for the Southern District of Texas seeking unspecified damages for violations of the False Claims Act, and other common law claims. The complaint alleges that CVNA failed to notify the correct U.S. military agency when its manufacturing location for Mil-Spec valves listed on the Qualified Products List was moved from Long Beach, California to Conroe, Texas in 2003. As a result, the complaint alleges that the valves manufactured in Texas were not properly listed on the Qualified Products List as required by the contract specifications.

The Company received a letter from the Department of the Navy on February 14, 2007, conveying the Navy's concerns about the Qualified Products List allegations raised by the DOJ. The Department of the Navy advised the Company that, if true, these allegations could potentially result in the Company and its subsidiaries and affiliates being suspended and/or debarred from doing business with the U.S. Government.

The Company has cooperated with the Government's investigation of these matters and has negotiated a settlement agreement with the DOJ providing for, among other things, the payment of \$7.5 million to the United States and \$125,000 to pay the legal fees of the former employee who filed the *qui tam* complaint. In addition, the Company has negotiated an administrative agreement with the Department of the Navy for a term of three years pursuant to which the Company will implement certain changes to its compliance programs and report to the Navy on a quarterly basis. These agreements were executed and became effective on July 27, 2007. The Company acknowledged the failure to notify the Navy and update the Qualified Products List but denies that this omission violated the False Claims Act. The failure to notify the Navy was unintentional and there was no misconduct by Company personnel. The Company determined to settle this matter to avoid the risks of costly and protracted legal proceedings.

Other Proceedings

The Company is defending two separate lawsuits brought by customers alleging failure of the Company's fiberglass-reinforced plastic material in recreational vehicle sidewalls manufactured by such customers. The aggregate damages sought in these two lawsuits are approximately \$13 million in direct costs allegedly incurred by the plaintiffs, as well as other consequential losses allegedly suffered. These lawsuits are in early stages of pre-trial discovery and the Company believes that it has valid defenses to the claims raised in these lawsuits. The Company has given notice of these lawsuits to its insurance carriers and will seek coverage for any liability in accordance with the applicable policies.

The Company is also defending a series of five separate lawsuits, which have now been consolidated, revolving around a fire that occurred in May, 2003 at a chicken processing plant located near Atlanta, Georgia that destroyed the plant. The aggregate damages demanded by the plaintiff are in excess of \$50 million. These lawsuits contend that certain fiberglass-reinforced plastic material manufactured by the Company that was installed inside the plant was unsafe in that it acted as an accelerant, causing the fire to spread rapidly, resulting in the total loss of the plant and property. The suits are in the early stages of pre-trial discovery and the Company believes that it has valid defenses to the underlying claims raised in these lawsuits. The Company has given notice of these lawsuits to its insurance carriers, and will seek coverage for any resulting losses. Based on a review of its coverage, however, the Company has determined that it is facing a potential \$25 million gap in insurance coverage, for the layer of insurance which would have provided protection for losses above \$25 million but below \$50 million. The Company has initiated certain

Notes to Consolidated Financial Statements (Unaudited)

actions aimed at closing the gap in insurance coverage. If the plaintiffs in these lawsuits were to prevail at trial and be awarded the full extent of their claimed damages, and the gap in coverage was not closed, the resulting liability could have a material adverse effect on the Company's results of operations and cash flows in the periods affected.

A number of other lawsuits, claims and proceedings have been or may be asserted against the Company relating to the conduct of its business, including those pertaining to product liability, patent infringement, commercial, employment, employee benefits, environmental and stockholder matters. While the outcome of litigation cannot be predicted with certainty, and some of these other lawsuits, claims or proceedings may be determined adversely to the Company, the Company does not believe that the disposition of any such other pending matters is likely to have a material adverse effect on its financial condition or liquidity, although the resolution in any reporting period of one or more of these matters could have a material adverse effect on the Company's results of operations for that period.

8. Pension and Other Postretirement Benefit Plans

The components of net periodic cost are as follows:

	<u>Three Months Ended June 30,</u>				<u>Six Months Ended June 30,</u>			
	<u>Pension Benefits</u>		<u>Other Postretirement Benefits</u>		<u>Pension Benefits</u>		<u>Other Postretirement Benefits</u>	
	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>
Service cost	\$ 4,169	\$ 3,731	\$ 37	\$ 41	\$ 8,397	\$ 8,101	\$ 77	\$ 82
Interest cost	8,458	7,699	239	284	16,855	15,411	507	568
Expected return on plan assets	(11,760)	(9,924)	—	—	(22,168)	(19,741)	—	—
Amortization of prior service cost	75	164	(21)	(40)	252	294	(42)	(80)
Amortization of net loss (gain)	(3)	(24)	11	(21)	292	524	(65)	(42)
Net periodic cost	\$ 939	\$ 1,646	\$ 266	\$ 264	\$ 3,628	\$ 4,589	\$ 477	\$ 528

The Company expects, based on current actuarial calculations, to contribute cash of approximately \$5.0 million to its domestic and foreign defined benefit plans and \$2.0 million to its other postretirement benefit plans in 2007. The Company contributed cash of \$8.0 million to its defined benefit plans and \$2.2 million to its other postretirement benefit plans in 2006. During the first six months of 2007, the Company contributed \$3.2 million to its defined benefit plans and \$1.0 million to its other postretirement benefit plans. However, cash contributions for the remainder of 2007 and subsequent years will depend on a number of factors, including the impact of the Pension Protection Act signed into law in 2006, changes in minimum funding requirements, long-term interest rates, the investment performance of plan assets and changes in employee census data affecting the Company's projected benefit obligations.

9. Income Taxes

As discussed in Note 2, New Accounting Pronouncement, the Company adopted the provisions of FIN 48 as of January 1, 2007.

During the three and six months ended June 30, 2007, there was a decrease in the Company's gross unrecognized tax benefits of approximately \$1.0 million for each period as a result of tax positions taken during a prior period; an increase in gross unrecognized tax benefits of approximately \$0.6 million and \$1.0 million, respectively, as a result of tax positions taken during the current periods; and a decrease in gross unrecognized tax benefits of approximately \$0.4 million for each period as a result of a settlement with a taxing authority.

Notes to Consolidated Financial Statements (Unaudited)

During the three and six months ended June 30, 2007, the total amount of unrecognized tax benefits that, if recognized, would affect the Company's effective tax rate decreased by approximately \$0.7 million and \$0.3 million, respectively.

The Company regularly assesses the potential outcomes of both ongoing examinations and future examinations for the current and prior years in order to ensure the Company's provision for income taxes is adequate. The Company believes that adequate accruals have been provided for all open years.

The Company's income tax returns are subject to examination by the Internal Revenue Service ("IRS") as well as other state and international taxing authorities. In May 2007, the IRS finished its examination of the Company's 2005 federal income tax return. As a result, the IRS has completed examinations of all of the federal income tax returns that have been filed by the Company to date.

With few exceptions, the Company is no longer subject to U.S. state and local or non-U.S. income tax examinations by taxing authorities for years before 2002. At this time, the Company is currently under audit by various state and non-U.S. taxing authorities. As of June 30, 2007, it is reasonably possible that the Company's unrecognized tax benefits will decrease by approximately \$1.1 million during the next twelve months as a result of the closure of the aforementioned audits as well as the expiration of state statutes of limitation on the assessment and collection of income taxes.

The Company calculated its income tax provision for the three and six months ended June 30, 2007 in accordance with the requirements of Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes," Accounting Principles Board Opinion No. 28, "Interim Financial Reporting," FASB Interpretation No. 18, "Accounting for Income Taxes in Interim Periods" and FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes."

The Company's effective tax rate of 31.5% for the three months ended June 30, 2007 is lower than the Company's effective tax rate of 32.5% for the three months ended June 30, 2006 primarily as a result of the inclusion of the U.S. federal research and development tax credit in the second quarter of 2007 as a result of its statutory reinstatement in December 2006.

The Company's effective tax rate of 32.0% for the six months ended June 30, 2007 is higher than the Company's effective tax rate of 31.5% for the six months ended June 30, 2006. The increase in the 2007 tax rate from the 2006 tax rate reflects the statutory expiration of the U.S. export tax benefit as of December 31, 2006 and adjustments to certain of the Company's deferred tax accounts during the second quarter of 2006, partially offset by the inclusion of the U.S. federal research and development tax credit in 2007 as a result of its statutory reinstatement in December 2006 and a statutory increase in 2007 of the amount of the U.S. federal tax benefit on domestic manufacturing activities.

The Company's effective tax rates for the three and six months ended June 30, 2007 are lower than the statutory U.S. federal tax rate primarily as a result of the U.S. research and development tax credit, the U.S. federal tax benefit on domestic manufacturing activities and earnings in foreign jurisdictions taxed at rates lower than the U.S. statutory rate, offset by state taxes, net of the U.S. federal tax benefit, and the repatriation of foreign earnings taxed at rates lower than the U.S. statutory tax rate.

Part I – Financial Information
Item 1. Financial Statements

Notes to Consolidated Financial Statements (Unaudited)

10. Miscellaneous – Net

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006
(Loss) Gain on sale of assets	\$ (441)	\$ 4,920	\$ 518	\$ 4,954
Equity joint venture income	1,528	1,458	2,545	3,219
Other	(156)	(1,956)	(319)	(2,492)
	<u>\$ 931</u>	<u>\$ 4,422</u>	<u>\$ 2,744</u>	<u>\$ 5,681</u>

The second quarter 2006 includes a net gain of \$4.1 million consisting of \$8.3 million from the sales of Resistoflex Aerospace and Westad offset by \$4.2 million from the sale of unused property resulting from prior plant consolidations and certain legal costs associated with previous divestitures.

11. Long-term Debt and Notes Payable

Long-term debt, net of unamortized original issue discounts, was \$398.2 million at June 30, 2007, comprised primarily of fixed rate borrowings under the \$200 million 5.50% notes due 2013 and the \$200 million 6.55% notes due 2036. There also were notes payable and other short-term debt under unsecured credit lines of \$0.9 million at June 30, 2007.

12. Supplemental Cash Flows Information

In the first quarter of 2007, the Company sold its Corporate aircraft, receiving proceeds of approximately \$11 million (classified as cash provided from investing activities), and used these proceeds as the initial payment on an operating lease for a used but newer aircraft replacement (classified as cash used for operating activities).

13. Commitments and Guarantees

The Company entered into a seven year operating lease for an airplane in the first quarter of 2007 which includes a \$14.1 million residual value guarantee by the Company. This commitment is secured by the leased airplane and the fair value of the residual value guarantee is carried as a \$0.6 million liability at June 30, 2007.

Part I – Financial Information

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This Form 10-Q contains forward-looking statements as defined by the Private Securities Litigation Reform Act of 1995. These statements present management's expectations, beliefs, plans and objectives regarding future financial performance, and assumptions or judgments concerning such performance. Any discussions contained in this 10-Q, except to the extent that they contain historical facts, are forward-looking and accordingly involve estimates, assumptions, judgments and uncertainties. There are a number of other factors that could cause actual results or outcomes to differ materially from those addressed in the forward-looking statements. Such factors are detailed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 filed with the Securities and Exchange Commission and are incorporated by reference herein.

Results from Operations

Second quarter of 2007 compared with second quarter of 2006

Second quarter 2007 sales increased \$102.7 million, or 18%, including core business growth of \$42.3 million (8%), sales from acquired businesses (net of divestitures) of \$48.1 million (8%) and favorable foreign currency translation of \$12.3 million (2%). Operating profit of \$71.8 million increased 9% compared with \$66.1 million in the prior year quarter. The second quarter 2007 operating profit included a \$7.6 million pretax charge (\$5.4 million after tax or \$0.09 per share) for a settlement with the U.S. Government. Net income was \$45.7 million, or \$.75 per share, in the second quarter of 2007 compared with net income of \$44.5 million, or \$.71 per share, in the second quarter of 2006.

Net sales related to operations outside the U.S. were 37.2% and 37.3% of total net sales for the quarters ended June 30, 2007 and 2006, respectively.

Segment Results

All comparisons below refer to the second quarter 2007 versus the second quarter 2006, unless otherwise specified.

Aerospace & Electronics

<i>(dollars in millions)</i>	<u>Second Quarter</u>		<u>Change</u>	
	<u>2007</u>	<u>2006</u>		
Sales	\$160.2	\$141.5	\$18.7	13%
Operating Profit	\$ 24.4	\$ 26.0	\$(1.6)	(6)%
Profit Margin	15.2%	18.4%		

The second quarter 2007 sales increase of \$18.7 million reflected a sales increase of \$15.8 million in the Aerospace Group and an increase of \$2.9 million in the Electronics Group. Segment operating profit declined as a result of a decrease in the Aerospace Group.

Aerospace Group sales of \$106.4 million increased \$15.8 million, or 17%, from \$90.6 million in the prior year period. Resistoflex Aerospace, which was sold in May 2006, had sales of \$1.9 million in the second quarter of 2006. As expected, the \$1.7 million decrease in operating profit resulted from higher engineering spending of \$6.9 million largely on programs to be completed in the next six to twelve months, which more than offset the profits associated with higher sales.

Electronics Group sales of \$53.8 million increased \$2.9 million, or 6%, due to higher sales in power, microwave and microelectronic solutions. Operating profit was virtually equal to the second quarter of 2006. Strong orders this year in the custom power, microelectronics and electronic manufacturing services businesses resulted in Electronics backlog at the end of the second quarter being \$154 million, or 8%, higher than the prior year.

Engineered Materials

<i>(dollars in millions)</i>	Second Quarter		Change	
	2007	2006		
Sales	\$87.7	\$82.3	\$5.4	7%
Operating Profit	\$17.9	\$13.2	\$4.7	36%
Profit Margin	20.4%	16.0%		

Second quarter 2007 sales were higher than the prior year period as sales of \$14.6 million from Noble Composites, acquired in September 2006, more than offset lower volumes to the Company's traditional recreational vehicle, transportation and building products customers. Operating profit in 2007 increased as the benefit of the Noble acquisition, lower product support costs in the recreational vehicle market and improved manufacturing efficiencies offset the impact of lower volume in the base business.

Merchandising Systems

<i>(dollars in millions)</i>	Second Quarter		Change	
	2007	2006		
Sales	\$100.6	\$53.6	\$47.0	88%
Operating Profit	\$ 11.9	\$ 4.5	\$ 7.4	164%
Profit Margin	11.8%	8.3%		

Merchandising Systems sales increased \$47.0 million, or 88%, driven primarily by increased sales of \$35.4 million from the Telequip, Dixie-Narco, and Automatic Products acquisitions. Overall operating profit, including the favorable impact of the acquisitions, improved by \$7.4 million as a result of higher margins and effective leverage of the strong sales growth in traditional international payment systems markets.

Fluid Handling

<i>(dollars in millions)</i>	Second Quarter		Change	
	2007	2006		
Sales	\$281.4	\$250.0	\$31.4	13%
Operating Profit	\$ 33.4	\$ 29.9	\$ 3.5	12%
Profit Margin	11.9%	12.0%		

Second quarter 2007 sales increased \$31.4 million, or 13%, including \$21.9 million (9%) of core sales and favorable foreign currency translation of \$9.5 million (4%). Operating profit increased \$3.5 million, or 12%.

Margins remained at 12% reflecting more price competitive project work and investments in new products and systems to support future growth.

The Fluid Handling Segment backlog was \$259 million at June 30, 2007, compared with \$199 million at June 30, 2006 and \$211 million at December 31, 2006. The 30% increase in backlog over the second quarter of 2006 reflects increased global demand particularly from the chemical / pharmaceutical and energy industries, and generally higher demand from many commercial applications.

Controls

<i>(dollars in millions)</i>	Second Quarter		Change	
	2007	2006		
Sales	\$31.2	\$30.9	\$ 0.3	1%
Operating Profit	\$ 2.9	\$ 3.3	\$(0.4)	(12)%
Profit Margin	9.1%	10.5%		

On flat sales, operating profit declined \$0.4 million primarily because of planned, new product and new market development costs.

Results from Operations**Year-to-date period ended June 30, 2007 compared to year-to-date period ended June 30, 2006**

Year-to-date 2007 sales increased \$181.6 million, or 16%, including core business growth of \$70.0 million (6%), sales from acquired businesses (CashCode, Dixie-Narco, Automatic Products, Telequip and Noble Composites) of \$100.4 million (9%) and favorable foreign currency translation of \$24.3 million (2%), reduced by lower sales from businesses divested in 2006 of \$13.1 million (1%). Operating profit of \$140.2 million rose 14% compared with \$123.3 million in the prior year. In the first six months of 2007, operating profit included a \$7.6 million pretax provision (\$5.4 million after tax or \$.09 per share) for a settlement with the U.S. Government. For the six months ended June 30, 2006, a net gain of \$4.1 million was recorded, consisting of \$8.3 million net gain from the sales of Resistoflex Aerospace and Westad partially offset by \$4.2 million in losses from the sale of unused property resulting from prior plant consolidations and certain legal costs associated with previous divestitures. Net income increased 9% to \$89.4 million, or \$1.46 per share, compared with net income of \$81.9 million, or \$1.32 per share, in the first quarter of 2006.

Net sales related to operations outside the United States were 36.8% and 36.9% of total net sales for the six-month periods ended June 30, 2007 and 2006, respectively.

Order backlog at June 30, 2007 totaled \$739.4 million compared with \$676.7 million at December 31, 2006 and \$636.9 million at June 30, 2006.

Segment Results

All comparisons below reference the year-to-date period ended June 30, 2007 versus the year-to-date period ended June 30, 2006 ("prior year"), unless otherwise specified.

Aerospace & Electronics

<i>(dollars in millions)</i>	Year-to-Date		Change	
	2007	2006		
Sales	\$308.6	\$281.0	\$27.6	10%
Operating Profit	\$ 45.4	\$ 48.4	\$ (3.0)	(6)%
Profit Margin	14.7%	17.2%		

The year-to-date 2007 sales increase of \$27.6 million reflected sales increases of \$25.8 million in the Aerospace Group and \$1.8 million in the Electronics Group. Segment operating profit declined as a result of a decrease in the Aerospace Group.

Aerospace Group sales of \$206.0 million increased \$25.8 million, or 14%, from \$180.2 million in the prior year period. Core sales growth was \$31.8 million (17%) offset by a \$6.0 million (3%) decline in sales caused by the absence of Resistoflex Aerospace, which was sold in May 2006. Operating profit decreased \$3.0 million resulting from higher engineering spending of \$11.5 million largely on programs to be completed in the next six to twelve months, which more than offsets the profits associated with higher sales.

Electronics Group sales of \$102.6 million increased \$1.8 million, or 2%, from \$100.8 million in the prior year period. Operating profit was equal to the first six months of 2006.

The Aerospace & Electronics Segment backlog was \$393.7 million at June 30, 2007, compared with \$396.8 million at December 31, 2006 and \$370.3 million at June 30, 2006.

Engineered Materials

<i>(dollars in millions)</i>	Year-to-Date		Change	
	2007	2006		
Sales	\$175.5	\$168.3	\$7.2	4%
Operating Profit	\$ 34.0	\$ 28.9	\$5.1	18%
Profit Margin	19.4%	17.2%		

The year-to-date 2007 sales increase of \$7.2 million, or 4%, reflects sales of \$27.4 million from Noble Composites, acquired in September 2006 that more than offset lower volumes to the Company's traditional recreational vehicle, transportation and building product customers. Operating profit in 2007 increased as the benefit of the Noble acquisition, lower product support costs in the recreational vehicle market and improved manufacturing efficiencies offset the impact of the lower volumes in the base business.

The Engineered Materials Segment backlog was \$18.5 million at June 30, 2007, compared with \$13.2 million at December 31, 2006 and \$18.6 million at June 30, 2006.

Merchandising Systems

<i>(dollars in millions)</i>	Year-to-Date		Change	
	2007	2006		
Sales	\$197.9	\$106.2	\$91.7	86%
Operating Profit	\$ 21.5	\$ 8.2	\$13.3	162%
Profit Margin	10.9%	7.7%		

Merchandising Systems sales increased \$91.7 million, or 86%, driven primarily by increased sales of \$73.0 million from the CashCode, Telequip, Dixie-Narco and Automatic Products acquisitions. Overall operating profit, including the favorable impact of the acquisitions, improved by \$13.3 million as a result of higher margins and effective leverage of the strong sales growth in traditional international payment systems markets.

The Merchandising Systems Segment backlog was \$32.3 million at June 30, 2007, compared with \$33.2 million at December 31, 2006 and \$15.2 million at June 30, 2006.

Fluid Handling

<i>(dollars in millions)</i>	Year-to-Date		Change	
	2007	2006		
Sales	\$544.5	\$492.2	\$52.3	11%
Operating Profit	\$ 64.5	\$ 55.4	\$ 9.1	16%
Profit Margin	11.9%	11.3%		

The year-to-date 2007 sales increase of \$52.3 million, or 11%, included \$40.7 million (8%) of core sales, a \$7.1 million (1%) decline in sales caused by the absence of Westad, which was sold effective April 1, 2006, and \$18.7 million (4%) from favorable foreign currency translation. Operating profit increased \$9.1 million or 16%. Margins increased 5% effectively leveraging higher sales.

The Fluid Handling Segment backlog was \$259.1 million at June 30, 2007, compared with \$210.5 million at December 31, 2006 and \$198.7 million at June 30, 2006.

Controls

<i>(dollars in millions)</i>	Year-to-Date		Change	
	2007	2006		
Sales	\$63.0	\$60.2	\$2.8	5%
Operating Profit	\$ 5.2	\$ 4.8	\$0.4	8%
Profit Margin	8.3%	8.0%		

Part I – Financial Information

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Sales improvements were \$2.8 million, or 5%, while operating profit improved \$0.4 million or 8%.

The Controls Segment backlog was \$35.7 million at June 30, 2007, compared with \$23.0 million at December 31, 2006 and \$34.2 million at June 30, 2006.

Financial Position

Net debt (total debt less cash and cash equivalents) totaled 21.3% of capital (net debt plus shareholders' equity) at June 30, 2007, compared with 22.2% at December 31, 2006. Net debt is a non-GAAP measure that provides useful information about the Company's ability to satisfy its debt obligations with currently available funds.

Liquidity and Capital Resources

Cash provided by operating activities was \$70.8 million in the six months ended June 30, 2007 compared with \$67.3 million in the six months ended June 30, 2006, reflecting a net asbestos receipt of \$15.2 million in the six month period ended June 30, 2007 compared to \$9.1 million paid out in the first six months of 2006, offset by increased working capital requirements to support higher sales. Capital expenditures were \$21.8 million in the first six months of 2007, compared with \$17.0 million in the first six months of 2006. In the third quarter of 2006, the dividend was increased 20%, and, as a result, the Company paid \$18.0 million in dividends to shareholders in the first six months of 2007, compared with \$15.3 million in the first six months of 2006. In the first six months of 2007, the Company repurchased 1,247,130 shares of its common stock on the open market at a cost of \$50 million, compared to a repurchase of \$25 million in the first six months of 2006.

At June 30, 2007, there were no loans outstanding under the Company's domestic \$300 million revolving credit facility. This facility is available for general corporate purposes, including acquisitions. Long-term debt, net of unamortized original issue discounts, was \$398.2 million at June 30, 2007 comprised primarily of fixed rate borrowings under the \$200 million 5.50% notes due 2013 and \$200 million 6.55% notes due 2036. The Company had \$0.9 million outstanding at June 30, 2006 under domestic unsecured money market bid rate credit lines.

New Accounting Pronouncements

Information regarding new accounting pronouncements is included in Note 2 to the Consolidated Financial Statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes in the information called for by this item since the disclosure in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

Item 4. Controls and Procedures

Disclosure Controls and Procedures . The Company's Chief Executive Officer and Chief Financial Officer evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this quarterly report. The Company's disclosure controls and procedures are designed to ensure that information required to be disclosed by the Company in the reports that are filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that the information is accumulated and communicated to the Company's Chief Executive Officer and Chief Financial Officer to allow timely decisions regarding required disclosure. Based on this evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that these controls are effective as of the end of the period covered by this quarterly report.

Changes in Internal Control over Financial Reporting . During the fiscal quarter ended June 30, 2007, there have been no changes in the Company's internal control over financial reporting, identified in connection with the evaluation thereof by the Company's Chief Executive Officer and Chief Financial Officer described above, that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

Part II – Other Information

Item 1. Legal Proceedings

Discussion of legal matters is incorporated by reference from Part 1, Item 1, Note 7, “Commitments and Contingencies”, of this document, and should be considered an integral part of Part II, Item 1, “Legal Proceedings”.

Item 1A. Risk Factors

There has been no significant change to the risk factors disclosed in the Company’s Annual Report on Form 10-K for the year ended December 31, 2006.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Share Repurchases

	<u>Total number of shares purchased</u>	<u>Average price paid per share</u>	<u>Total number of shares purchased as part of publicly announced plans or programs</u>	<u>Maximum number (or approximate dollar value) of shares that may yet be purchased under the plans or programs</u>
April 1-30	—	—	—	—
May 1-31	—	—	—	—
June 1-30	<u>226,260</u>	<u>44.20</u>	—	—
Total	<u>226,260</u>	<u>\$ 44.20</u>	—	—

The table above only includes the open-market repurchases of the Company’s common stock in the second quarter of 2007. The Company also routinely receives shares of its common stock from option holders as payment for stock option exercises and the resultant withholding taxes due on such exercises.

Part II – Other Information

Item 4. Submission of Matters to a vote of Security Holders

- A) The Annual Meeting of Shareholders was held on April 23, 2007.
B) The following four Directors were elected to serve for three years until the Annual Meeting in 2010.

Ms. Karen E. Dykstra
Mr. Richard S. Forte
Mr. William E. Lipner
Mr. James L. L. Tullis

The following Director was elected to serve for one year until the Annual Meeting in 2008.

Mr. Philip R. Lochner, Jr.

The following Directors' terms of office continue following the Annual Meeting: E. Thayer Bigelow, Donald G. Cook, R. S. Evans, Eric C. Fast, Dorsey R. Gardner, Ronald F. McKenna and Charles J. Queenan, Jr.

- C) The following four Directors were elected to serve for three years until the Annual Meeting in 2010.

Ms. Karen E. Dykstra	
Vote for	53,382,175
Vote withheld	883,567
Mr. Richard S. Forte	
Vote for	53,025,399
Vote withheld	1,240,343
Mr. William E. Lipner	
Vote for	52,373,878
Vote withheld	1,891,863
Mr. James L. L. Tullis	
Vote for	52,340,883
Vote withheld	1,924,859

The following Director was elected to serve for one year until the Annual Meeting in 2008.

Mr. Philip R. Lochner, Jr.	
Vote for	53,303,554
Vote withheld	962,187

The shareholders approved the selection of Deloitte & Touche LLP as independent auditors for the Company for 2006.

Vote for	53,505,730
Vote against	676,818
Abstained	83,193

The shareholders approved the 2007 Stock Incentive Plan.

Vote for	37,408,048
Vote against	6,842,614
Abstained	4,352,334
Broker Non-Votes	5,662,745

The shareholders approved the 2007 Non-Employee Director Compensation Plan.

Vote for	37,420,672
Vote against	6,850,869
Abstained	4,331,456
Broker Non-Votes	5,662,745

The shareholders rejected a shareholder's proposal concerning the adoption of the MacBride Principles in reference to the Company's operations in Northern Ireland.

Vote for	5,527,467
Vote against	40,333,514
Abstained	2,742,015
Broker Non-Votes	5,662,745

Item 6. Exhibits

- Exhibit 31.1 Certification of Chief Executive Officer pursuant to Rule 13a-14(a) or 15d-14(a)
- Exhibit 31.2 Certification of Chief Financial Officer pursuant to Rule 13a-14(a) or 15d-14(a)
- Exhibit 32.1 Certification of Chief Executive Officer pursuant to Rule 13a-14(b) or 15d-14(b)
- Exhibit 32.2 Certification of Chief Financial Officer pursuant to Rule 13a-14(b) or 15d-14(b)

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
